

MEMORANDUM CIRCULAR
No. 9-14-90

Subject: Immediate Submission of Supporting Legal, Technical, Financial and Economical Documentation in Any Petition for Provisional Authorizations

EFFECTIVE THIS DATE, and as part of the Commission's drive to streamline and fast track action on applications/petitions for CPCN or other forms of authorizations, the Commission shall be evaluating applications/petitions for immediate issuance of provisional authorizations, pending hearing and final determination of an application on its merit.

For this purpose, it is hereby directed that all applicants/petitioners seeking for provisional authorizations shall submit immediately to the Commission, either together with their application or in a Motion all their legal, technical, financial, economic documentation in support of their prayer for provisional authorizations for evaluation. On the basis of their completeness and their having complied with requirements, the Commission shall be issuing provisional authorizations.

These support documents shall be submitted in two (2) sets, one of which shall be attached to the record of the case and the other set referred to the Common Carrier Authorization Dept. or the Broadcast Dept. as the case may be.

Except in cases where questions of law and policy issues are involved, the Commission shall act on these applications as expediently as possible, streamlining the hearings, and when warranted, issue the provisional authorizations, under stringent conditions of technical standards shall be upgraded to conform to these technical standards within a reasonable period.

These fundamental technical plans (standards) may be revised and updated to conform to recent developments in electronics and telecommunications technology.

This Memorandum Circular takes effect immediately.

Quezon City, Philippines.

(Signed) Josefina T. Lichauco,
Commissioner
