

MEMORANDUM CIRCULAR
NO. 33

SUBJECT : Issuance of Permits for Movement or Transport of Communications Equipment

In order that the Office could keep tract of the whereabouts of communications equipment for purposes of regulation and control, a permit from this Office shall be required in the movement or transport of any communications equipment from one locality to another. For this purpose, the following guidelines are hereby prescribed:

1. For public carriers, a permit to move or transport any communications equipment may be issued for a period of six (6) months provided that the subject equipment is covered by either a permit to own, possess, purchase or transfer or a radio station construction permit or license, duly issued by this Office.

2. For existing communication networks with five or more stations other than public carriers, a permit to move or transport any of their communications equipment may be issued for a period of three (3) months provided also that the equipment to be moved or transported is covered by either a permit to own, possess, purchase or transfer or a radio station construction permit or license duly issued by this Office.

3. Those not falling under category 1 and 2 shall be treated on a case to case basis.

In any of the above cases, an application for the issuance of a permit under this Circular shall be filed with this Office.

This Circular shall take effect immediately.
