KAPISANAN NG MGA BRODKASTER NG PILIPINAS

PROPOSED REVISION OF THE TELEVISION CODE

FOR E W O R D

If a picture is worth a thousand words, then Television is the ultimate mass medium. Its awesome technology can shrink the world into a global village. Its vividness, simultaneity, reach and technology, instantly transport the viewer to the scene.

However, we believe that it is not machines but television's men and women who write the script, read the news, entertain, sell airtime, and put the whole show together - they are the ones whose talent shapes the minds and influence the psyche of the viewer.

This Television Code sets the tone so that the genius of talents, guided by well-researched and rationalized guidelines, could bring forth not only the best in form but also in substance of programs, taking into consideration TV's various publics-men and women, young and old, of all walks and persuasions - with the vision of serving them the best that all of TV could give.

P R E A M B L E

WE BELIEVE

THAT broadcasting in the Philippines encapsulizes and reflects the hopes and dreams of a freedom loving people;

THAT broadcasting is a dynamic factor in our country's cultural, social and economic growth and development;

THAT broadcasting possesses a uniquely immediate and lasting impact on the public, which demands a high sense of responsibility, and discerning judgment of morality, fairness and honesty at all times;

THAT broadcasting has an obligation to uphold the properties and customs of civilized society; to maintain the respect of the rights and sensitivities of all people; to preserve the honor and the sanctity of the family and home; to protect the sacredness of individual dignity; and to promote national unity.
